KEY RISKS

Concentration Risk: Risks when the Sub-fund invests heavily in a company, sector or country that is significantly affected by an adverse event, its unit price may fall.

Emerging Market Risk: Risks associated with investing in emerging markets. Due to their political instability, the volatility of the exchange rate of their currencies, and the limited number of investment opportunities, the risk of these markets is greater than in countries considered as developed.

Systematic Market Risk: Risk of circumstances such as an economic shock or political instability on the market in which the Fund invests causing a loss of value for all investments in the Fund.

For full disclosures on all key risks, please refer to the Key Investor Information Document (KID).

Disclosure

This fund does not promote environmental and/or social characteristics within the meaning of Article 8(1) or 9(1) of the SFDR Regulation. The ESG rating of the fund is reported for informative purposes only. Legend: 4 green leaves = AAA; 3 green leaves = AA; 2 green leaves = A; 1 green leaf = BBB; 1 grey leaf = BB, B, CCC or rating not available.

The value of investment interests can fall as well as rise. Any capital invested may be at risk and you may not get back some or all of your original capital. The value of investments and any income is not guaranteed and can go down as well as up and may be affected by exchange rate fluctuations. This means that an investor may not get back the amount invested.

The source of sectoral classification used in Breakdown by Sector chart is the Bloomberg Industry Classification Systems (BICS).
