INVESTMENT OBJECTIVE

To generate a return in excess of the Benchmark (detailed below) with similar levels of volatility over the medium to longterm before fees and expenses, whilst taking environmental, social and governance ("ESG") factors into account.

PERFORMANCE BENCHMARK

The Fund will measure its performance against Bloomberg US HY Fallen Angel 3% Cap TR Index (the "Benchmark"). The Investment Manager will use the Benchmark to construct the investment universe. The Fund is actively managed and does not seek to replicate the full constituents of the Benchmark. The Investment Manager has limited discretion to invest outside the Benchmark where the relevant security meets the requirements of and is expected to be included in the Benchmark in the future. The majority of the Fund's holdings will be constituents of the Benchmark and as a result the Fund will be similar in its currency, duration as well as sector exposures and credit quality profile, subject to investment constraints. However the Investment Manager will not seek to reflect the Benchmark's maturity profile. The investment strategy provides similar volatility to the Benchmark over the medium to long-term.
