HUMAN CAPITAL (the "Sub-Fund"), a Sub-Fund of EDMOND DE ROTHSCHILD FUND (the "Fund")

Share Class K USD (the "Class") - LU2221885713

Management Company : Edmond de Rothschild Asset Management (Luxembourg)

Objectives and Investment Policy

Investment objective: The objective of the Sub-Fund is to outperform its benchmark by investing in equities and equity related instruments issued by companies that value human capital practises and that meet environmental, social and governance (ESG) criteria.

Benchmark index: The benchmark index is the MSCI All Countries World Index (MSCI ACWI), calculated with net dividends reinvested. The benchmark index will be expressed in the Class currency.

The benchmark index of the Sub-Fund is only used for comparison purposes. The Sub-Fund is actively managed.

Investment policy: The Sub-Fund exposes (directly or indirectly) at least 75% of its net assets to equity securities issued by companies that have developed best practices in human capital management such as training, talent acquisition and retention and diversity policies, or have a business model which directly fosters workforce development and training, knowledge acquisition as well as protection of employees. The sub-fund will predominantly invest in countries included in the MSCI All Countries World Index.

The Sub-Fund aims at selecting companies with a focus on a good management of environmental, social, and governance (ESG) risks and opportunities. The Sub-Fund's investment process entails, to this aim, a proprietary responsible investing approach which favours ESG well rated companies irrespective of their capitalizations and relying on either a proprietary ESG rating or a rating provided by an external extra-financial rating agency. At least 90% of portfolio companies receive ESG rating. The selection process includes a positive screening by selecting through a best in universe approach and a negative screening, whereby the Investment Manager has established a formal exclusion policy that integrates the exclusion of controversial companies related to weapon, coal and tobacco. The eligible investment universe is consequently reduced by 20% and defined according to ESG criteria. Moreover, a human capital thematic approach is applied and the Sub-Fund focuses on securities issued by companies that have developed best practices in human capital through their management or their business model. Further details on the responsible investing approach applied on the Sub Fund can be found on the Investment Manager website: <https://www.edmond-de-rothschild.com/en/Pages/Responsible-investment.aspx>.

The Sub-Fund Classifies as Article 9 SFDR as it has a sustainable investment as its objective (i.e. human capital), although no reference benchmark has been designated for the purpose of attaining sustainable investment objective.

In view of its ESG strategy, the Sub-Fund promotes environmental characteristics but does not invest in environmentally sustainable economic activities. The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Between 75% and 110% of the Sub-Fund's net assets will be exposed (directly or indirectly) to the international equity markets and other assimilated securities.

The Sub-Fund may invest, up to 30% of its net assets, in China A Shares via the Shanghai-Hong Kong Stock Connect program.

For cash management purposes, the Sub-Fund may invest up to 25% of its net assets in transferable debt securities, Money Market Instruments and Money Market Funds with a short term maturity of less than three months under exceptional conditions and on a temporary basis.

The Sub-Fund may use financial derivative instruments to achieve its investment objective.

The recommended minimum investment period is 5 years.

Frequency of share buying or selling: Each day on which banks are generally open for business in Luxembourg, in France and any other day on which the French and American financial markets are open (official calendar of NYSE and Euronext Paris S.A.) for orders received by the transfer agent no later than 12:30 pm (Luxembourg time) on the relevant Valuation Day.

Risk and Reward Profile

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The definition of the risk and reward category is based on the historical performance data and/or the risk limit indicated in the Sub-Fund's investment policy. It may not be a reliable indication of the future risk profile of the Sub-Fund. The risk and reward category shown may change over time. Category 1 does not mean that an investment is risk-free. Investors should note that the Sub-Fund is not guaranteed or capital protected.

This Sub-Fund is rated in category 6, in line with the type of securities and geographic regions detailed under the heading "Objectives and investment policy", as well as the currency of the unit.

Significant risks not taken into account in this indicator:

Credit risk : When a significant level of investment is made in debt securities.

Liquidity risk : The markets for some securities and instruments may have limited liquidity. This limited liquidity could be a disadvantage to the Sub-Fund, both in the realisation of the prices quoted and the execution of orders at desired prices.

Impact of techniques such as derivative contracts : The use of derivatives instruments can infer a decrease of the asset more significant than the decrease of the invested underlying assets or markets.

Counterparty risk : Where a Fund is backed by collateral or has significant investment exposure through contracts with a third party.

Operational risk : The Sub-Fund may suffer losses due to the failure of operational processes, including those related to the safekeeping of assets.

The occurrence of any of these risks may negatively impact the net asset value.
