SIGMA INVESTMENT HOUSE FCP – Global Sustainable Impact – Class C INTENDED FOR RETAIL INVESTORS (ISIN: LU2231194924)

a sub-fund of SIGMA INVESTMENT HOUSE FCP

This fund is managed by Andbank Asset Management Luxembourg

Objectives and investment policy

- The Sub-Fund aims to achieve a combination of income and long-term capital appreciation, by actively managing a diversified portfolio of equities, bonds, ETFs, UCITS and UCIs and other asset classes, with Environmental, Social and Governance ('ESG') criteria. There is however no guarantee that this objective will be achieved.
- The Sub-Fund will seek to achieve its investment objective by investing in a global multi-asset portfolio that directly or indirectly (through UCITS, UCIs or ETFs) will have exposure to a range of asset classes including, but not limited to, equity securities, debt securities (including below investment grade debt securities), convertible bonds, currencies and money market instruments.
- The Sub-Fund's global equity exposure may reach up to 100% whereas the remainder of the portfolio will be exposed to the other specified asset classes.
- The Sub-Fund is actively managed without reference to a benchmark.
- Unitholders may redeem units on demand, on a daily basis.
- The Sub-Fund may invest in all types of financial derivative instruments.
- The Sub-Fund will donate a foundation fee on an annual basis to the benefit of private foundation dedicated to the fight against cancer as disclosed in the Prospectus.
- The characteristics promoted by this financial product consist in investing in corporations with best-in-class Environmental, Social and Governance ratings and in impact strategy investments. The Sub-Fund meets those characteristics by conducting a detailed environmental and social assessment, integrating both a Best in Class and an Impact strategy to evaluate the investment decisions. Approximately 50% of the sub-fund's value embraces a Best in Class strategy, and the remaining approximate 50% of the sub-fund's value embraces an Impact strategy.
- Please note that transaction costs may have material impact on performance.
- Non-distributing units: any income generated by the Sub-Fund is reinvested.
- This financial product promotes environmental and social characteristics and qualifies as product in accordance with Article 8 (1) of Regulation (EU) 2019/2088. This fund does not have as its objective a sustainable investment.

- Historical data used may not be a reliable indication of the future risk profile of the Sub-Fund.
- This category is not guaranteed to remain unchanged and may shift over time.
- The lowest class does not mean that the investment is risk free.
- This fund was categorised in risk class 4 because, in accordance with the investment policy, the value of the investments may fluctuate moderately. Consequently, both the expected return and the potential risk of loss may be average.

The Sub-Fund is subject to the following risks:

- Credit risk:** the fund invests in securities which are exposed to the risk that the issuer will be unable to meet its repayment obligations. The credit rating and risks associated with such securities can change over time and therefore affect the value of the investments.
- Liquidity risk:** Securities may become less liquid during extreme market conditions and it may be difficult for unitholders to get redemption proceeds in a timely manner.
- Counterparty risk:** Risk that the counterparty to mutually agreed contracts does not meet its obligations.
- Operational risk:** Risk of material loss resulting from human error, technical faults, inappropriate procedures or controlling.
- Use of derivatives:** The Sub-Fund invests in derivatives for hedging and other investment purposes, increasing or reducing exposure to underlying assets.
- Currency risk:** Investments in securities denominated in currencies other than the Sub-Fund's Base Currency may be subject to adverse fluctuation in currency exchange rates.
- Duplication of certain fees and expenses:** Where investments are made in other funds, this might result in duplication of certain fees and expenses for investors. Investors are also subject to potential risks associated with such funds.
- Market risk:** The value of assets in the portfolio is typically dictated by a number of factors, including the confidence levels of the market in which they are traded.
- Sustainability risks:** Risk of the occurrence of an environmental, social or governance event or condition that could cause an actual or a potential material negative impact on the value of the investment.
