JPM Emerging Markets Diversified Equity Plus D (acc) - EUR

a Share Class of JPMorgan Funds – Emerging Markets Diversified Equity Plus Fund. The management company is JPMorgan Asset Management (Europe) S.à r.l.

Objectives, Process and Policies

INVESTMENT OBJECTIVE

To provide long term capital growth through exposure to a diversified portfolio of emerging market companies, by direct investments in securities of such companies and through the use of financial derivative instruments.

INVESTMENT PROCESS

Investment approach

- Uses fundamental and systematic research inputs to identify stocks with specific style characteristics, such as value and momentum in price and earnings trends.
- Combines bottom-up stock selection with top-down views on countries and sectors.
- Uses an active extension approach, buying securities considered attractive and selling short securities (achieved through derivatives) considered less attractive to improve potential returns without increasing overall net exposure to the market.

Share Class Benchmark MSCI Emerging Market Index (Total Return Net)

Benchmark uses and resemblance

- Performance comparison.
- Basis for relative VaR calculations.

The Sub-Fund is actively managed. Though the majority of its holdings (excluding derivatives) are likely to be components of the benchmark, the Investment Manager has broad discretion to deviate from its securities, weightings and risk characteristics. The degree to which the Sub-Fund may resemble the composition and risk characteristics of the benchmark will vary over time and its performance may be meaningfully different.

POLICIES

Main investment exposure At least 67% of assets invested, either directly or through derivatives, in equities of companies that are domiciled, or carrying out the main part of their economic activity, in an emerging market country. The Sub-Fund may invest a significant portion of its assets in small capitalisation companies.

The Sub-Fund will typically hold long positions of approximately 130%, and short positions of approximately 30% (achieved through derivatives) of net assets but may vary from these targets depending on market conditions.

The Sub-Fund may invest up to 20% in China A-Shares through the China-Hong Kong Stock Connect Programmes.

The Sub-Fund may invest in securities that rely on VIE structures to gain indirect exposure to underlying Chinese companies.

At least 51% of assets are invested in companies with positive environmental and/or social characteristics that follow good governance practices as measured through the Investment Manager's proprietary ESG scoring methodology and/or third party data.

The Sub-Fund invests at least 10% of assets excluding Ancillary Liquid Assets, Deposits with Credit Institutions, money market instruments, money market funds and derivatives for EPM, in Sustainable Investments, as defined under SFDR, contributing to environmental or social objectives.

The Investment Manager evaluates and applies values and norms based screening to implement exclusions. To support this screening, it relies on third party provider(s) who identify an issuer's participation in or the revenue which they derive from activities that are inconsistent with the values a nd norms based screens. The list of screens applied that may result in exclusions can be found on the Management Company's Website (www.jpmorganassetmanagement.lu).

The Sub-Fund systematically includes ESG analysis in its investment decisions on at least 75% of securities purchased.

Other investment exposures Up to 20% of net assets in Ancillary Liquid Assets and up to 20% of assets in Deposits with Credit Institutions, money market instruments and money market funds for managing cash subscriptions and redemptions as well as current and exceptional payments. Up to 100% of net assets in Ancillary Liquid Assets for defensive purposes on a temporary basis, if justified by exceptionally unfavourable market conditions.

Risk and Reward Profile

Lower risk						Higher risk
Potentially lower reward						Potentially higher reward
1	2	3	4	5	**6**	7

The above rating is based on the historic volatility of the simulated Net Asset Value of this Share Class over the last five years and may not be a reliable indication of the future risk profile of this Share Class.

The risk and reward category shown above is not guaranteed to remain unchanged and may change over time.

A Share Class with the lowest risk rating does not mean a risk-free investment.

Why is this Share Class in this category? This Share Class is classified in category 6 because its simulated Net Asset Value has shown high fluctuations historically.
