General

CS Investment Funds 3 ("the Company") is a Luxembourg investment company with variable capital (SICAV). The Company has an umbrella structure and was established on 11.10.2002 in Luxembourg as an undertaking for collective investment under Part I of the amended law of 17.12.2010.

The Company has an umbrella structure and therefore consists of at least one Subfund.

As of 31.03.2023 the Company had 4 Subfunds.

Summary of significant accounting policies

a) Presentation of financial statements

The financial statements are presented in accordance with the requirements of the Luxembourg supervisory authorities.

b) Computation of the net asset value of each Subfund

The net asset value of the shares of each Subfund shall be calculated in the reference currency of the respective Subfund and shall be determined under the responsibility of the Company's Board of Directors in Luxembourg on each banking day in Luxembourg (each such day being referred to as a "Valuation Day"). A banking day is defined as being a day on which banks are normally open for business in Luxembourg. The financial statements reflect the net asset values based on the market prices of the investments as of 31.03.2023.

The investment manager needs to undertake transactions in order to maintain the desired asset allocation as a result of subscriptions or redemptions, which may generate additional costs for the fund and its shareholders. As a consequence, in order to protect the existing investors' interest, from these capital movements, when net capital movements exceed a threshold pre-defined by the Board of Directors, an adjustment of the NAV per share used is applied. This adjustment reflects the estimated tax and dealing costs that may be incurred by the fund as a result of these transactions, and the estimated bud-off spread of the assets in which the fund invests. A periodical review is undertaken in order to verify the appropriateness of the swing factor being applied.

The NAV per share as disclosed in the statistical information is the published NAV per share whereas the total net assets ("TNA") disclosed in the statement of net assets is the total net asset value excluding year end swing adjustment.

The Fund applies partial swing price. The net asset value calculated will be increased by up to a maximum of 2% per share in the event of a net surplus of subscription applications or reduced by up to a maximum of 2% per share in the event of a net surplus of redemption applications in respect of the applications received on the respective Valuation Day. As at period end, no swing pricing was applied on any Subfund of CS Investment Funds 3.

During the period ended 31.03.2023, all Subfunds included in this semi-annual report applied swing pricing.

c) Valuation of investment securities of each Subfund

Securities which are listed or regularly traded on a stock exchange shall be valued at the last available traded price. If such a price is not available for a particular trading day, the closing mid-price (the mean of the closing bid and ask prices) or alternatively the closing bid price may be taken as a basis for the valuation.

If a security is traded on several stock exchanges, the valuation shall be made by reference to the exchange which is the main market for this security.

If a security is traded on a secondary market with regulated trading among securities dealers (with the effect that the price reflects market conditions), the valuation may be based on this secondary market.

Securities traded on a regulated market shall be valued in the same way as those listed on a stock exchange.

Securities that are not listed on a stock exchange and are not traded on a regulated market shall be valued at their last available market price. If no such price is available, the Company shall value these securities in accordance with other criteria to be established by the Board of Directors and on the basis of the probable sales price, the value of which shall be estimated with due care and in good faith.

Derivatives shall be treated in accordance with the above. OTC swap transactions will be valued on a consistent basis based on bid, offer or mid prices as determined in good faith pursuant to procedures established by the Board of Directors. When deciding whether to use the bid, offer or mid-prices, the Board of Directors will take into consideration the anticipated subscription or redemption flows, among other parameters. If, in the opinion of the Board of Directors, such values do not reflect the fair market value of the relevant OTC swap transactions, the value of such OTC swap transactions will be determined in good faith by the Board of Directors or by such other method as it deems in its discretion appropriate.

The valuation price of a money market instrument which has a maturity or remaining term to maturity of less than 12 months and does not have any specific sensitivity to market parameters, including credit risk, shall, based on the net acquisition price or on the price at the time when the investment's remaining term to maturity falls below 12 months, be progressively adjusted to the repayment price while keeping the resulting investment return constant. In the event of a significant change in market conditions, the basis for the valuation of different investments shall be brought into line with the new market yields.

Units or shares of UCITS or other UCIs shall be valued on the basis of their most recently calculated Net Asset Value, where necessary by taking due account of the redemption fee. Where no Net Asset Value and only buy and sell prices are available for units or shares of UCITS or other UCI, the units or shares of such UCITS or other UCIs may be valued at the mean of such buy and sell prices.

Fiduciary and fixed-term deposits shall be valued at their respective nominal value plus accrued interest.

d) Cash at banks and at brokers

Cash at banks and at brokers includes cash in hand, margin calls and deposits held at call with banks and other short-term investments in an active market with original maturities of three months or less and bank overdrafts.

e) Net realised gain/loss on sales of investments of each Subfund

The realised gains or losses on the sales of securities are calculated on the basis of the average acquisition cost.

f) Foreign exchange conversion

The financial statements are kept in the reference currency of each Subfund and the combined financial statements are kept in CHF.

Cash at banks, other net assets and the value of portfolio securities in currencies other than the reference currency of each Subfund are converted into the reference currency at the foreign exchange rate prevailing on the date of valuation.

Income and expenses in currencies other than the reference currency of each Subfund are converted into the reference currency at the foreign exchange rate applicable at the date they accrue to the Subfund.

Realised gains or losses on foreign currencies are accounted for in the statement of operations.

The acquisition cost of securities in currencies other than the reference currency of each Subfund is converted into the reference currency at the foreign exchange rate valid at the date of acquisition.

g) Transactions on investments in securities of each Subfund

The transactions on investments in securities are booked on a trade date basis.

h) Valuation of financial futures contracts of each Subfund

Unmatured financial futures contracts are valued at valuation date at market rates prevailing at this date and resulting unrealised gains or losses are posted to the Statement of Operations / Changes in Net Assets and are shown under unrealised gain/loss on financial future contracts in the statement of net assets. Realised gains or losses are also posted to the Statement of Operations / Changes in Net Assets under "Net realised gain (loss) on financial futures contracts".

i) Valuation of forward foreign exchange contracts of each Subfund

Unmatured forward foreign exchange contracts are valued at valuation date at forward exchange rates prevailing at this date and resulting unrealised gains or losses are posted to the Statement of Operations / Changes in Net Assets and are shown under unrealised gain/loss on forward foreign exchange contracts in the statement of net assets. Realised gains or losses are also posted to the Statement of Operations / Changes in Net Assets under "Net realised gain (loss) on forward foreign exchange contracts".

j) Allocation of accrued expenses

Accrued expenses which can be allocated directly to a Subfund are charged to this Subfund. Accrued expenses which cannot be allocated directly are divided among the Subfunds in proportion to the net assets of each Subfund.

k) Valuation of swaps

On each valuation day, swap agreements are valued at the net present value of the future cash flows, using the relevant interest rate yield curve on valuation day.

For the valuation of excess return swaps, the relevant underlying is taken into account. The resulting unrealised gains or losses are shown under unrealised gain/loss on swap contracts in the statement of net assets. Realised gains or losses are also posted to the statement of operations / changes in net assets under "Net realised gain (loss) on swap contracts".

l) Securities Lending

The Company can practise lending of securities included in its portfolios of its Subfunds. The Company may only lend securities within a standardized system of securities lending organised by a recognised institution of securities compensation or by first class financial institutions specialised in this type of operations. The income from securities lending is showing the gross income from securities lending less the direct and indirect costs and fees retained by the counterparty acting as securities lending principal.

m) Income recognition

Dividends are recorded on ex-dividend date, net of withholding tax. Interests are accrued on a daily basis.

n) Other income

The trailer commissions received during the period/year are accounted under "Other income".

Depository Fee

The Depository Bank receives from the Company such fees and commissions as are in accordance with usual practice in Luxembourg. They will be composed of a fee calculated as a percentage of the relevant Subfund's net assets and of transaction-based commissions.

Administration Fee

The Administrator, Registrar and Transfer Agent receives from the Company such fees and commissions as are in accordance with usual practice in Luxembourg. They are composed of a fee calculated as a percentage of the relevant Subfund's net assets and of transaction-based commissions.

Management fee

(see details at a Subfund level)

As remuneration for its services and reimbursement of its expenses, the Management Company is entitled to a monthly management fee, payable at the end of each month and calculated on the basis of the average of the daily net asset value of the relevant share class during that month.

Class -DA-, -DAH-, -DB- and -DBH- Shares are not subject to a management fee but only to a management service fee, payable to the Management Company covering all fees and expenses, of not more than 0.35% per annum ("p.a."). Additional fees are charged directly to the investor, upon the conditions of the separate agreement entered into the relevant entity of Credit Suisse Group AG.

"Taxe d'abonnement"

Under the prevailing laws and regulations, the Company is subject in Luxembourg, on the basis of its investments, to a "taxe d'abonnement" at the annual rate of 0.05%, payable quarterly and calculated on the basis of the net assets of each Subfund at the end of each quarter. In the case of Share Classes that may only be acquired by institutional investors, this annual tax rate is 0.01%.

The portion of net assets, which is invested in other undertakings for collective investment in securities under Luxembourg law, is exempt from this tax.

Transaction costs

Transactions costs include brokerage fees, stamp duty, local taxes and other foreign charges if incurred during the period. Transaction costs are included in the cost of securities purchased and sold.

For the period ended on 31.03.2023, the Company incurred transaction costs relating to purchase or sale of investments in securities and similar transactions, (including derivatives instruments or other eligible assets) as follows:

Subfund	Ccy	Transaction cost
Credit Suisse (Lux) Emerging Market Corporate Bond Fund	USD	514.50
Credit Suisse (Lux) Emerging Market Corporate Investment Grade Bond Fund	USD	1,924.95
Credit Suisse (Lux) Fixed Maturity FR Bond Fund 2023 S-IV	USD	-
Credit Suisse (Lux) Fixed Maturity Bond Fund 2024 S-V	USD	-

Not all transaction costs are separately identifiable. For fixed income investments, forward foreign exchange contracts and for some other derivative contracts, transaction costs will be included in the purchase and sales price of the investment. Whilst not separately identifiable these transaction costs will be captured within the performance of each Subfund.

Cash collateral

The following table shows the amount of cash collateral included in the Cash at banks and at brokers as disclosed the Statement of Net Assets:

Subfund	Type	Counterparty	Amount
Credit Suisse (Lux) Fixed Maturity FR Bond Fund 2023 S-IV	Cash	J.P. Morgan Chicago	USD 540,000.00

Total Expense Ratio (TER)

(see details at a Subfund level)

The Total Expense Ratio (TER) is calculated following the current "Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes" of the Asset Management Association Switzerland (AMAS). The TER is calculated for the period from 01.04.2022 until 31.03.2023.

The TER expresses the sum of all costs and commissions charged on an ongoing basis to the Subfund's assets, taken retrospectively as a percentage of these assets.

No TER is disclosed for share classes launched less than 6 months before closing.

Changes in the composition of the securities portfolio

Changes in the composition of the securities portfolio during the reporting period/year are available to Shareholders free of charge at the registered office of the Company or the local representatives in the countries where the Company is registered.

Exchange rates

The combined financial statements are kept in CHF. For this purpose, the financial statements of the Subfunds are converted into CHF at the foreign exchange rate as of 31.03.2023:

- 1 USD = 0.913526 CHF

Fund performance

(see details at a Subfund level)

The TER expresses the sum of all costs and commissions charged on an ongoing basis to the Subfund's assets, taken retrospectively as a percentage of these assets. The TER is calculated following the AMAS guidelines.

The Total Expense Ratio (TER) is calculated following the current "Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes" of the Asset Management Association Switzerland (AMAS). The TER is calculated for the period from 01.01.2023 until 31.03.2023.

No TER is disclosed for share classes launched less than 6 months before closing.

Securities lending

As per 31.03.2023 the Subfunds participated in the "securities lending" system with Credit Suisse (Switzerland) Ltd., Zurich as follows:

Subfund	Ccy	Stock lending market value	Collateral market value
Credit Suisse (Lux) Emerging Market Corporate Bond Fund	USD	43,993,702.00	46,255,493.08
Credit Suisse (Lux) Emerging Market Corporate Investment Grade Bond Fund	USD	-	-
Credit Suisse (Lux) Fixed Maturity FR Bond Fund 2023 S-IV	USD	15,494,169.00	16,290,750.59
Credit Suisse (Lux) Fixed Maturity Bond Fund 2024 S-V	USD	-	-

The collateral delivered by the securities lending counterparty to the Company is composed of a well diversified portfolio of securities consisting of

- highly rated bonds issued or guaranteed by governments, government agencies, bodies regulated by public law or corporations (excluding Credit Suisse affiliates) from selected OECD countries.

- highly rated bonds from supranational organisations

- equities listed on selected stock exchanges within the OECD on the condition that the shares are included in a main and liquid index.

The determination of the market value of the collateral is subject to the application of appropriate haircuts adapted to the volatility of the collateral type.

The revenues mentioned in the Statement of Operations / Changes in Net Assets under "Security Lending Income" are the net amounts received from the lending principal. Any direct and indirect operational costs and fees are borne by the principal out of its fee and include the liability risk assumed by the principal.

For the period ended on 31.03.2023, the fee paid to the principal amounted to as follows:

Subfund	Ccy	Gross amount securities lending Income	Expenses and commissions from the securities lending counterparty	Net amount
Credit Suisse (Lux) Emerging Market Corporate Bond Fund	USD	421,441.31	126,432.39	295,008.92
Credit Suisse (Lux) Emerging Market Corporate Investment Grade Bond Fund	USD	-	-	-

Credit Suisse (Lux) Fixed Maturity Bond Fund 2024 S-V	USD	282,256.26	84,676.88	197,579.38

Financial Derivative Instruments

The Subfunds may engage in derivative transactions for the purpose of efficient portfolio management. Details of the derivatives are displayed in the Notes pages.

Depending on the type of derivatives held, collateral might be received from the different counterparties to reduce the counterparty exposure. For other type of derivatives, margin accounts might be used.

No collateral was received by the Company to reduce the counterparty risk as of 31.03.2023.

Risk Management

The global exposure of the Subfunds is calculated on the basis of the commitment approach.

Significant events during the period

In response to the war in Ukraine since late February 2022, the US, EU, UK, Switzerland and other countries across the world imposed severe sanctions against Russia's financial system and on Russian government officials and Russian business leaders. The sanctions included limitations on the ability of Russian banks to access the SWIFT financial messaging service and restrictions on transactions with the Russian central bank. The Russian government has also imposed certain countermeasures, which include restrictions relating to foreign currency accounts and security transactions.

The Company is assessing the impact of the sanctions already imposed, and potential future escalations, on its business on an ongoing basis. The recent developments had a significant impact on the directly affected assets held by investment funds of CSAM. We are monitoring the situation and constantly integrating the latest information about market liquidity and tradability of directly affected assets into their valuation. The key goal of our valuation approach is to protect the interests of our investors.

As Russian securities currently do not meet market accessibility, the valuation of all Rubble denominated Russian securities (including ADRs/GDRs) has been set at a price of zero. The remaining Non-Rubble denominated Russian securities continue to be priced at expected realisable liquidation value.

On March 19, 2023, Credit Suisse Group AG and UBS Group AG entered into an agreement and plan of merger ("the merger"), to be completed at a date yet to be determined. The Fund receives various services and has banking relationships with consolidated subsidiaries of Credit Suisse Group AG, and as such these relationships and service providers may change in the future.

Subsequent events

The new prospectus dated April 2023 became effective.
