Destination Value Total Return

a compartment of **Plenisfer Investments SICAV**

Class I, Share: XH EUR (Accumulation) ISIN: LU2087694480

This SICAV is managed by Generali Investments Luxembourg S.A.

OBJECTIVES AND INVESTMENT POLICY

The objective of this Fund is to achieve a superior risk adjusted total return over the market cycle. Realising long-term capital appreciation and underlying income through a long term focus on valuation and the market cycles is paramount to achieving the Fund's objectives.

The Sub-Fund promotes Environmental, Social and Governance (ESG) characteristics pursuant to Article 8 of the SFDR.

The Fund seeks to achieve its objectives by investing globally with exposure in both Organisation for Economic Cooperation and Development (OECD) and non-Organisation for Economic Cooperation and Development (non-OECD) markets. The Fund will vary its exposure to a variety of asset classes such as, but not limited to, equity, debt, currency and, through Transferable Securities and/or other permitted investments, real assets.

The Fund may utilise a variety of instruments to create the desired exposures including, but not limited to, equities and equity-linked securities, equity securities of closed-ended real estate investment trusts (REIT's), debt instruments of any kind, UCITS, UCI's, derivatives instruments such as, but not limited to, index or single name futures, swaps, forwards and options.

Investments in the following debt securities are allowed up to 20% of Fund's net assets:

- Distressed Debt Securities (typically defined with a credit rating of less than B-)
- Securitised debt
- Contingent Convertibles (CoCo's)

The environmental and social characteristics promoted by the Fund consist of excluding sectors which are deemed harmful to society by the Investment

Manager (i.e. direct involvement in from controversial weapons; violation of the Treaty on the Non-Proliferation of Nuclear Weapons; 10% or more of turnover derived from pornography; 20% or more of turnover or energy produced derived from coal; 20% or more of turnover derived from tobacco). In addition to these exclusions, the Sub-fund has a targeted approach that involves the selection of companies on which to focus engagement activities, taking into consideration: (i) the usefulness of the interaction with respect to the interests of the assets under management and (ii) the possibility of influencing decisions in relation to the voting shares held or the share held in the bond issue. The investment universe is screened on a periodic basis by a data provider. More product-specific information can be found on the website:

<https://plenisfer.com/global/en/private/funds-2/>

The Fund is actively managed and references the Performance Fee Benchmark for the performance fee's calculation purpose. The Sub-fund does not use a Benchmark for investment purposes.

The Fund may use financial instruments for hedging purposes and for investment purposes. The Fund may also use TRS and other FDI with the same characteristics for the achievement of its investment objective.

The Fund is open-ended. You may redeem shares of the Fund on any Luxembourg business day.

The Share Class makes no dividend payment.

The Performance Fee Benchmark of the Fund is SOFR Index.

RISK AND REWARD PROFILE

This indicator represents the annual historical volatility of the Fund over a 5-year period. Its aim is to help investors understand the uncertainties attached to gains and losses that may have an impact on their investment.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time. The lowest risk category does not mean "risk free". Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Counterparty Risk: The Fund primarily concludes derivatives trades with various contracting parties. There is a risk that counterparties may no longer be able to honour their payment or settlement obligations.

Credit Risk: The Fund invests a substantial portion of its assets in bonds. The issuers may become insolvent, whereby the bonds may lose a major part of their value or their value entirely.

Derivatives Risk: The Fund uses derivative instruments to achieve higher performance through speculation on rising or falling prices. Increased opportunities may lead to increased risk of losses.

Liquidity Risk: Risk related to a limited market activity that could not allow the Fund to sell or buy underlying investments in suitable conditions.

Geopolitical Risk: Risk related to the investments in geographic areas or sectors that may be sensitive to any event of economic, geopolitical or regulatory nature or any other events beyond the control of the Management Company that could expose the Fund to losses.

Operational Risk and Depositary Risk: The Fund may fall victim to fraud or other criminal acts. It may also incur losses due to misunderstandings or errors by employees of the management company, the depositary or external third parties. Finally, its' management or the custody of its' assets can be adversely affected by external events such as fires, natural disasters etc.

Sustainable Risk: Currently, there is not an universally accepted framework or list of factors to consider to ensure that investments are sustainable. A legal and regulatory framework governing sustainable finance is still under development. The lack of common standards may result in different approaches to set and achieve ESG (environmental, social, and governance) objectives. Applying ESG criteria to the investment process may exclude securities of certain issuers for non-financial reasons and, therefore, may forgo some market opportunities available to funds that do not use ESG or sustainability criteria.
