<ul style="list-style-type: none"> • Accumulation Share Classes reinvest in principal all revenues and capital gains and not to pay any dividends and are identified by the letter “A” following the class name (e.g. RA, IA). The Shareholders may however, upon proposal of the Board of Directors, elect to issue dividends to Shareholders of the Fund holding class A Shares. • No Performance Fee Share Classes are identified by a “NPF” in the Share Class name. These Shares do not pay any Performance Fee. 	
Investment Strategy	
<ul style="list-style-type: none"> • The Fund follows a thematic responsible investment strategy with a focus on companies throughout the world (including emerging markets) developing ecological solutions and green technologies that favour the environmental transition. For further information on the sustainable investment objective of the Fund, please refer to the SFDR Annex in the Luxembourg Prospectus. • The attainment of the sustainable investment objective is measured by both qualitative and quantitative indicators such as the percentage of the Fund's assets aligned with sustainable investment objectives, the percentage of the Fund's assets contribution per SDGs and/or per environmental and social impact pillars, the estimated impact of the Fund on global average increase of temperature and the level of exposure to activities contributing to energy and ecological transition. The sustainable investment strategy combines the systematic thematic approach, the Best-in-universe approach and the exclusion approach. • The Fund will invest at least two-thirds of its total assets in equities issued by companies located in developed countries and up to 20% of its net assets into emerging markets. • The Fund may invest up to 10% of its total assets in money market instruments, cash, cash equivalents or other types of securities than those described above. • The investment process relies on stock picking based on a deep fundamental analysis of companies combining both financial and ESG considerations. The Delegated Investment Manager aims at looking for companies providing sustainable eco-solutions to environmental issues i.e. renewable energies, clean transportation, green building, industrial energy efficiency, sustainable management of waste and water, and sustainable agriculture, while demonstrating positive practices with regard to ESG considerations. • The securities selection process also focuses on identifying companies based on their business model including strategic positioning, quality of management, financial capacity to finance growth and valuation over a medium-term period. • The portfolio construction process reflects the Delegated Investment Manager's level of conviction on the investment opportunities without any restrictions regarding capitalizations, sectors or weights whilst monitoring the global risk profile of the Fund. • The Fund may invest in securities of companies incorporated in India (directly), China (directly through H Shares trading on the Hong Kong Stock Exchange) and Russia (via securities trading on the MICEX RTS). • The Fund may invest up to 10% of its assets into undertakings for collective investment. • The Fund may use derivatives for hedging and investment purposes as described in section “Use of Derivatives, Special Investment and Hedging Techniques” in the Luxembourg Prospectus. • The Fund will not enter into securities lending and borrowing transactions as well as repurchase agreements and reverse repurchase agreements. 	<p>Refer to INVESTMENT OBJECTIVE AND POLICIES OF THE SUB-FUND paragraph in the Prospectus for further information on features of the product.</p>
