A&G FLOTA - CATAMARAN FUND A, EUR

A Sub-Fund of A&G FLOTA, ISIN LU2153408997
This Fund is managed by Adepa Asset Management S.A.

Objectives and Investment Policy

The Investment Objective of this actively managed Sub-Fund is to achieve mid-term capital appreciation. The Sub-Fund seeks to accomplish this objective through investing primarily in equity and fixed income mainly issued in OECD countries. The Sub-Fund will have the following direct investment in Emerging Markets as follows:

- Maximum direct investments in Emerging Markets equity will be up to 10% of the Sub Fund Total Net Assets;
- Maximum direct investments in Emerging Markets fixed income securities will be up to 10% of the Sub Fund Total Net Assets;
- Maximum combined direct investments in Emerging Markets securities will be up to 20% of the Sub Fund Total Net Assets.

Exposure to EM via funds will be limited to 30%.

The Sub-Fund is managed following a geographical as well as sectorial diversification, based on combination of global and value-based selection approach with a multi-asset allocation strategy, unrelated to benchmark constraints. The Sub-Fund is invested in equities and in bonds including but not limited to: convertible bonds, fixed-rate or floating securities, zero-coupon bonds and treasury bonds. The sub-fund is invested also in:

- High yield bond with maximum exposure of: 30% of the sub-fund total net assets,
- Non-rated bonds with maximum exposure of: 5% of the subfund total net assets
- CoCo bonds with Maximum exposure of: 15% of the sub-fund total net assets (in aggregate maximum exposure of high yield bond, non-rated bonds and CoCo bonds, limit of 30%, of the sub-fund total net assets).

The Sub-Fund may also invest in Money market instruments issued or dealt on the Eurozone and other international regulated markets and deposits, UCIs/UCITS including ETFs. Direct investment in equity securities may reach in aggregate up to 100% of the Sub-Fund's total

net assets.

The Sub-Fund may have a maximum net exposure to non-Euro currencies of 25% of its assets, being understood that the previous limit is considering the currency exposure hedged through derivative financial instruments. In order to achieve the targeted exposure and in compliance with the Grand Ducal Regulation, the Sub-Fund may use, for hedging and investment purposes, financial derivative instruments traded on a regulated market and/or over the counter (OTC), provided that these are contracted with first class financial institutions specialized in the respective type of transaction. In particular, the Sub-Fund may at all time use derivatives on any eligible underlying, such as equity or bond indices, transferable securities, interest rates and currencies.

The Sub-Fund is not managed in reference to a benchmark.

The Sub-Fund will capitalise its entire earnings following an income accumulation policy.

The Share Class's currency is EUR. The Sub-Fund's reference currency is EUR.

The aforementioned investment strategy corresponds for the investors with a high investment risk profile.

This Sub-Fund may not be appropriate for investors who plan to withdraw their money within a three-year period.

The investors are able to redeem their units on a weekly basis.

Risk and Reward Profile

The risk/return indicator shows the correlation between risk and returns. Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. The lowest category does not mean 'risk free'.

The risk category of the Sub-Fund is 5 and is calculated from historical data or simulated historical data of the underlying securities when the real data is not sufficient. Past performance is not necessarily a reliable indicator of the Sub-Fund's future risk and reward profile.

The following risks may materially impact the Sub-Fund but are not captured by the indicator:

Credit risk: The default of the issuer of a debt instrument held by the Sub-Fund.

Liquidity risk: Securities in the Sub-Fund may be sold below their valuation due to insufficient liquidity in the market.

Counterparty risk: A counterpart may fail paying the proceeds related to the sale of securities by the Sub-Fund or may fail delivering the securities purchased by the Sub-Fund. A counterpart of the Sub-Fund in an OTC derivative may fail satisfying its obligations towards the fund at any event of the OTC derivative agreement.

Operational risk: Failures or delays in operational processes may negatively affect the Sub-Fund.

Derivatives risk: Derivatives may be used to increase, lower or maintain the risk level of the Sub-Fund. The derivative strategy may fail resulting in significant losses for the Sub-Fund.

Currency risk: Exchange rate fluctuations may negatively affect the value of the Sub-Fund's investments.

Event Risk: The overall value of all types of investments may be affected by devaluations, political and governmental interventions in relevant markets or irregular and sudden market fluctuations.

The above mentioned list of risk factors is not exhaustive. Other factors may influence the pricing of the underlying securities and therefore the value of the Sub-Fund's investments.
