INCOMETRIC FUND - Nartex Equity Fund B, EUR

A Sub-Fund of INCOMETRIC FUND, ISIN LU2357235576
This Fund is managed by Adepa Asset Management S.A.

Objectives and Investment Policy

The Sub-Fund is actively managed. The investment objective of the Sub-Fund is to achieve long-term capital appreciation by investing in global equities with a geographical as well as sectorial diversification.

The Sub-Fund seeks to accomplish this objective through investing primarily in global large caps issued in OECD countries. The focus is mainly on European and U.S. companies but also in emerging markets (with a maximum exposure of 20% of the Sub-Fund total net assets). The aggregate exposure to Russian or Chinese equities (through listings in developed markets (e.g. ADRs in the US) is limited to 10% and no domestic investments are targeted.

The investment objective of the Sub-Fund will be achieved through a granular investment in equities. On an ancillary basis, the Sub-Fund may make investment in cash equivalents such as money market instruments (including government bonds (EU or US) or treasury bills).

For treasury purposes the Sub-Fund may also invest in liquid instruments according to the criteria of article 41(1) of the 2010 Law such as (but not limited to) money market instruments and money market funds and bank deposits. The Sub-Fund may hold ancillary liquid assets limited to bank deposits and cash on sight with a maximum of 20% of the net assets of the Sub-Fund in order to cover current or exceptional payments, or for the time necessary to reinvest in eligible assets provided under article 41(1) of the Law of 2010 or for a period of time strictly necessary in case of unfavorable market conditions. Ancillary liquid assets do not include bank deposits, money market instruments, money market funds and other instruments that meet the criteria of article 41(1) of the 2010 Law.

For investment purposes and notably for defensive approach, the Sub-Fund may also hold up to 100% of its net assets in liquid instruments such as (but not limited to) Money Market Instruments and money market funds according to the criteria of article 41(1) of the 2010 Law.

For hedging purposes, the Sub-Fund may use financial derivative instruments products traded on a regulated market and/or over the counter (OTC), provided they are contracted with first class financial institutions specialized in this type of transactions. In particular, the Sub-Fund may take exposure through financial derivative instruments and forwards on any eligible underlying, such as currencies, interest rates, transferable securities or financial indices, at all times in compliance with the Grand Ducal Regulation.

The Sub-Fund is not managed in reference to a benchmark.

The Sub-Fund will capitalise its entire earnings following an income accumulation policy.

The Share Class's currency is EUR. The Sub-Fund's reference currency is EUR.

According to the Investment Policy above the Sub-Fund employs the Commitment Approach as the global exposure determination methodology. The aforementioned investment strategy corresponds for the investors with a medium investment risk profile.

The investors are able to redeem their units on a daily basis.

Risk and Reward Profile

The risk/return indicator shows the correlation between risk and returns. Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. The lowest category does not mean 'risk free'.

The risk category of the Sub-Fund is 6 and is calculated from historical data or simulated historical data of the underlying securities when the real data is not sufficient. Past performance is not necessarily a reliable indicator of the Sub-Fund's future risk and reward profile.

The following risks may materially impact the Sub-Fund but are not captured by the indicator:

Credit risk: The default of the issuer of a debt instrument held by the Sub-Fund.

Liquidity risk: Securities in the Sub-Fund may be sold below their

valuation due to insufficient liquidity in the market.

Counterparty risk: A counterpart may fail paying the proceeds related to the sale of securities by the Sub-Fund or may fail delivering the securities purchased by the Sub-Fund. A counterpart of the Sub-Fund in an OTC derivative may fail satisfying its obligations towards the Sub-Fund at any event of the OTC derivative agreement.

Operational risk: Failures or delays in operational processes may negatively affect the Sub-Fund.

Derivatives risk: Derivatives may be used to increase, lower or maintain the risk level of the Sub-Fund. The derivative strategy may fail resulting in significant losses for the Sub-Fund.

Currency risk: Exchange rate fluctuations may negatively affect the value of the Sub-Fund's investments.

Event Risk: The overall value of all types of investments may be affected by devaluations, political and governmental interventions in relevant markets or irregular and sudden market fluctuations.

The above mentioned list of risk factors is not exhaustive. Other factors may influence the pricing of the underlying securities and therefore the value of the Sub-Fund's investments.
