Objectives and Investment Policy

Objectives

- The investment objective of the Sub-Fund is to achieve a better performance in a global equity market than the MSCI World Health Care Equipment and Supplies 25/50 (USD) index by investing mainly in shares, certificates of shares and equity-like transferable securities that fall into the investment universe of the medical technology industry globally.

- The Sub-Fund will have a diversified portfolio exposed to global equity markets (Europe, North America, Asia and emerging markets, including Russia (Moscow Exchange - MICEX RTS)).

- For hedging purposes, investment purposes and for gaining exposure to certain asset classes, the Sub-Fund may use any type of derivative financial instruments traded on a regulated market and / or traded over-the-counter, including credit default swaps, provided they are contracted with first class financial institutions specialized in this type of transaction.
