

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

US Equity

ISIN	LU2442792441	a sub-fund of Vontobel Fund
Share Class	HNG (hedged)	This fund is managed by Vontobel Asset Management S.A., which is part of Vontobel Group.
Currency	EUR	This fund is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier (CSSF).

Objectives and investment policy

This actively managed sub-fund aims to achieve the highest possible capital growth. It is categorized as Article 8 SFDR.

- The sub-fund mainly invests in equities and equity-like securities. The sub-fund may also hold cash.
- The sub-fund invests in a portfolio of stocks in companies with high profit growth and high profitability, that are based and/or conduct the majority of their business activity the United States.
- The sub-fund may use derivatives for hedging purposes.
- The currency of this class is continually hedged against the sub-fund's main currency. This hedging does not necessarily cover all currency risks. It entails costs which in turn reduce the share class' return.
- The sub-fund is not managed with reference to a benchmark. The

portfolio manager has full investment discretion within the predefined investment limits.

- Any income generated will be reinvested and included in the value of your shares.
- Buying and selling securities entails transaction costs payable in addition to the charges listed.
- Redemption of shares: daily when banks in Luxembourg are open for normal business (see prospectus for details and exceptions).
- HNG (hedged) shares are reserved exclusively for specific investors and for investors who invest at least 50 million USD. They do not grant any rebate or retrocessions. See prospectus for details.
- Other information: environmental, social and governance (ESG) criteria contribute to, but are not a determining factor in, the manager's decision making.

Risk and reward profile

The indicator above does not signal the risk of a potential loss, but indicates the fluctuations in the sub-fund's share price in the past.

- The share class is assigned to this category because its share price can fluctuate sharply due to the investment policy applied.
- The historical data used to calculate the profile cannot be used as a reliable guide to the future risk profile of the sub-fund.
- The risk category shown is not guaranteed and may change.
- Even the lowest risk category is not entirely free of risk.

When assigning a sub-fund's share class to a risk category, it may be the case that not all risks are taken into account. Such risks include risks in connection with exceptional market events, operational errors, legal and political events. You can find a detailed list of the risks in the "Notice regarding special risks" section in the general part of the sales prospectus. The following risks have no direct influence on this category, but may still be important:

- As the sub-fund focuses on companies that are domiciled and/or conduct the majority of their business in the US, it has a lower degree of risk diversification.
- A company's stock price may be adversely affected by changes in the company, its industry or economic environment and prices can change quickly. Equities typically involve higher risks than bonds and money market instruments.
