INCOMETRIC FUND - Imantia Futuro R HEDGED, EUR

A Sub-Fund of INCOMETRIC FUND, ISIN LU2399971634
This Fund is managed by Adepa Asset Management S.A.

Objectives and Investment Policy

The Sub-Fund is actively managed without reference to any benchmark meaning that the Investment Manager has full discretion over the composition of the Sub-Fund's portfolio, subject to the below stated investment objective and policy.

The Sub-Fund seeks to invest directly or indirectly through eligible UCITS/UCIs, mainly via ETFs (Exchange Traded Funds) as per the Law of 2010, with an exposure of more than 50% of the Sub-Fund's total assets.

The Sub-Fund will have at least 75% of total exposure in assets of large and mid-cap issuers/markets in OECD countries, but also in emerging markets (with a maximum exposure of 15% of the Sub-Fund's total net assets). The exposure to China will not exceed 5% of the NAV and Russia will be limited to 2% of NAV, while aggregate exposure to Russian and Chinese equities is limited to 5% in aggregate. No direct investments in Russia or China are targeted.

The Sub-Fund will focus on themes with strong future growth potential as a result of global economic, social, technological and/or political changes and will allocate the portfolio out of the eligible universe of UCIs/UCITS including ETFs. Such themes are deemed by the Investment Manager to be represented by the following trends e.g. technological disruption, social and demographic factors and sustainability. The investments may comprise thematic ETFs such as: Robotics, Smart City, Healthcare Innovation, Water, VideoGaming & eSports, Blue Economy or World Climate Transition etc.

The asset selection is based on the Investment Manager's knowledge and experience on historical data, to optimize the portfolio, whose composition will be reviewed monthly.

The Sub-Fund may also invest up to 25% of its total net assets in Fixed Income assets (including but not limited to: fixed-rate or floating securities, zero-coupon bonds and sovereign/government bonds). The Sub-Fund will not invest in High-Yield, non-rated bonds, Asset Backed Securities, and Contingent Convertibles (CoCos).

The credit rating of the fixed income issuers (or of the entities in which the deposits are placed) shall be at least average (minimum BBB-), with no predetermined

average duration.

For hedging and for investment purposes purposes, the Sub-Fund may use financial derivative instruments products traded on a regulated market and/or over the counter (OTC), provided they are contracted with first class financial institutions specialized in this type of transactions. In particular, the Sub-Fund may take exposure through financial derivative instruments and forwards on any eligible underlying, such as currencies, interest rates, transferable securities or financial indices, at all times in compliance with applicable regulation.

For treasury purposes the Sub-Fund may also invest in liquid instruments according to the criteria of article 41(1) of the 2010 Law such as (but not limited to) money market instruments and money market funds and bank deposits. The Sub-Fund may hold ancillary liquid assets limited to bank deposits and cash on sight with a maximum of 20% of the net assets of the Sub-Fund in order to cover current or exceptional payments, or for the time necessary to reinvest in eligible assets provided under article 41(1) of the Law of 2010 or for a period of time strictly necessary in case of unfavorable market conditions. Ancillary liquid assets do not include bank deposits, money market instruments, money market funds and other instruments that meet the criteria of article 41(1) of the 2010 Law.

The Sub-Fund will capitalise its entire earnings following an income accumulation policy.

The Share Class's currency is EUR. The Sub-Fund's reference currency is USD.

According to the investment objectives above, the Sub-Fund employs the Commitment Approach as the global exposure determination methodology. The aforementioned investment strategy corresponds for the investors with a medium investment risk profile.

The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

The investors are able to redeem their units on a daily basis.

Risk and Reward Profile

The risk/return indicator shows the correlation between risk and returns. Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. The lowest category does not mean 'risk free'.

The risk category of the Sub-Fund is 6 and is calculated from historical data or simulated historical data of the underlying securities when the real data is not sufficient. Past performance is not necessarily a reliable indicator of the Sub-Fund's future risk and reward profile.

The following risks may materially impact the Sub-Fund but are not captured by the indicator:

Credit risk: The default of the issuer of a debt instrument held by the Sub-Fund.

Liquidity risk: Securities in the Sub-Fund may be sold below their valuation due to

insufficient liquidity in the market.

Counterparty risk: A counterpart may fail paying the proceeds related to the sale of securities by the Sub-Fund or may fail delivering the securities purchased by the Sub-Fund. A counterpart of the Sub-Fund in an OTC derivative may fail satisfying its obligations towards the Sub-Fund at any event of the OTC derivative agreement.

Operational risk: Failures or delays in operational processes may negatively affect the Sub-Fund.

Derivatives risk: Derivatives may be used to increase, lower or maintain the risk level of the Sub-Fund. The derivative strategy may fail resulting in significant losses for the Sub-Fund.

Currency risk: Exchange rate fluctuations may negatively affect the value of the Sub-Fund's investments.

Event Risk: The overall value of all types of investments may be affected by devaluations, political and governmental interventions in relevant markets or irregular and sudden market fluctuations.

The above mentioned list of risk factors is not exhaustive. Other factors may influence the pricing of the underlying securities and therefore the value of the Sub-Fund's investments.
