This simplified prospectus contains key information on UBS (Lux) Bond Fund – CHF (the "Subfund"), a Subfund of UBS (Lux) Bond Fund (the "Fund"), which offers the investor various Subfunds ("umbrella construction"). If you require further information before investing, please consult the full sales prospectus of UBS (Lux) Bond Fund. Here, you will also find information on the rights and obligations of investors. <b>Investment objective</b>	<p>The aim of the Fund is to achieve high current earnings, while giving due consideration to a broad diversification of the investments and the liquidity of the Fund's assets. No assurance can be given that the investment objectives will be attained.</p>
<b>Investment policy</b>	<p>In line with the general investment policy described in the full sales prospectus, this Subfund invests at least two-thirds of its assets in debt securities and claims issued by international or supranational organisations, public-sector, semi-public or private borrowers and denominated in CHF or with an option in CHF.</p> <p>Moreover, the Subfund may invest up to one-third of its assets in debt securities and claims denominated in a currency other than CHF. However, the portion of investments in foreign currencies not hedged against the currency of account (CHF) may not exceed 10% of net assets.</p> <p>After deducting cash and cash equivalents, the Subfund may invest up to one-third of its assets in money market instruments. Up to 25% of its assets may be invested in convertible, exchangeable and warrant-linked bonds as well as convertible debentures.</p> <p>In addition, after deducting cash and cash equivalents, the Subfund may invest up to 10% of its assets in equities, equity rights and warrants as well as shares, other equity shares and dividend-right certificates acquired through the exercise of conversion and subscription rights or warrants, or warrants remaining after the separate sale of ex-issues and any equities acquired with these warrants.</p> <p>The equities acquired by exercise or subscription must be sold no later than 12 months after they were acquired.</p> <p>As part of efficient asset management, the Subfund may invest in all derivative financial instruments listed in the section entitled "Special techniques and instruments that have securities and money market instruments as underlying assets" subject to the guidelines set forth therein. The permitted underlying instruments comprise in particular those listed in points 1.1 g) ("Permitted investments of the Fund").</p> <p>These techniques and instruments do not play a central role in achieving the investment policy's aims.</p> <p><b>The markets in options, futures and swaps are volatile; both the opportunity to achieve gains as well as the risk of suffering losses are higher than with investments in securities.</b> These techniques and instruments will be employed only if they are compatible with the investment policy of the Subfund and do not adversely affect its quality. The same applies to warrants entitling the holder to subscribe to securities.</p> <p>The currency of account of the Subfund is the CHF.</p>
<b>Risk profile</b>	<p>Subfund investments may be subject to substantial fluctuations and no guarantee can be given that the value of a Fund unit will not fall below its value at the time of acquisition.</p>

contact their investment adviser for further information.

<sup>2)</sup> The Subfund will be charged a maximum flat fee for unit classes "P", "N", "H", "K-1", "K-2", "F", "Q", "I-46", "I-34" and "I-25", calculated on the average net asset value of the Subfund. This will be used for Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank), asset management and distribution of the Subfund, as well as for covering the costs incurred. The relevant maximum flat fee will not be charged until the corresponding unit classes have been launched.

Out of the flat fee, the Fund will bear all costs incurred in connection with the management, administration, portfolio management and safekeeping of the Fund's assets as well as distribution of the Subfund, such as:

- annual fees and expenses for approving and supervising the Fund in Luxembourg and abroad;
- other fees charged by the supervisory authorities;
- printing of the regulations, prospectuses and annual and semi-annual reports;
- price publications and publication of notices to investors;
- production of the KII or the corresponding documents for the Fund's sales countries;
- fees incurred in connection with the listing of the Fund and sales within Luxembourg and abroad;
- commission and expenses of the Custodian Bank for the safekeeping of the Fund's assets, dealing with payments and other duties, as required under the Law of 2010;
- fees and other expenses for the payment of dividends to investors;
- auditor's fees.

The Custodian Bank, Administrative Agent and Management Company are nevertheless entitled to be reimbursed the costs of non-routine arrangements made by them in the interests of the investors; otherwise such expenses will be charged directly to the Fund.

The Fund will also bear all transaction expenses arising in connection with the administration of the Fund assets (brokerage commission in line with the market, fees, fiscal charges, etc.).

All taxes levied on the income and assets of the Fund, particularly the taxe d'abonnement, will also be borne by the Fund.

<sup>3)</sup> For unit classes "K-2" and "F", an additional fee will also be charged to the Subfund; this will be determined via a separate contract with UBS AG or one of its authorised distribution partners.

<sup>4)</sup> For unit class "I-6.5", a fee will be charged to cover the costs of Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank). The costs for asset management and distribution are charged directly outside of the Fund under a separate contract between the investor and UBS Global Asset Management or one of its authorised representatives.

<sup>5)</sup> Costs in connection with the services to be performed for unit classes "I-X" and "U-X" pertaining to asset management, Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank) and distribution will be settled via the compensation to which UBS AG is entitled under a separate contract with the investor.

### Taxation

The Fund is subject to Luxembourg legislation. In accordance with current legislation in the Grand Duchy of Luxembourg, the Fund is not subject to any Luxembourg withholding, income, capital-gains or wealth taxes. From the total net assets of each Subfund, however, a tax of 0.05% p.a. ("taxe d'abonnement") payable to the Grand Duchy of Luxembourg is due at the end of every quarter (reduced taxe d'abonnement amounting to 0.01% p.a. for certain unit classes). This tax is calculated on the total net assets of each Subfund at the end of every quarter.

Unitholders should be aware that the Luxembourg Law of 21 June 2005 has transposed Council Directive 2003/48/EC dated 3 June 2003 concerning the taxation of interest into Luxembourg law. Since 1 July 2005, this Law has provided for the imposition of a withholding tax on cross-border interest payments to individuals domiciled in the EU or for an automatic information exchange. This applies, inter alia, to distributions and dividends payable by investment funds which invest more than 15%, and earnings from the assignment or repayment of units in investment funds which invest more than 25% in debt instruments and claims as defined by the EU taxation of interest.

Where necessary, the sales agency or Distributor may, upon subscription, ask investors to give their tax identification number provided by the state in which they are domiciled for tax purposes.

The taxable values shown are based on the most recently available data at the time they were calculated.

Provided the Subfund in question is not subject to EU taxation of interest or the unitholders are not affected thereby, unitholders are not required, under current tax law, to pay any income, gift, inheritance or other tax in Luxembourg unless they are domiciled in Luxembourg, have a residence in Luxembourg or maintain a permanent establishment there, or were previously domiciled in Luxembourg and hold more than 10% of the units in the Fund.

On 13 November 2008, the European Commission accepted a proposal for the amendment of the Savings Directive. If the amendment proposal is implemented, among

other things, (i) the scope of the EU Savings Directive would be expanded to include payments distributed by certain intermediary structures (regardless of whether their registered office is in an EU Member State or not) and whose final beneficiary is a private person resident in the EU and (ii) the definition of interest that falls within the scope of the EU Savings Directive would be further established. As at the date the prospectus was being drawn up, it is not known whether and if or when the proposed amendment will enter into force.

The aforementioned represents a summary of the fiscal effects and makes no claim to be exhaustive. It is the responsibility of purchasers of units to seek information on the laws and regulations governing the purchase, possession and sale of units in connection with their place of residence and their nationality.

### **Investors in the United Kingdom**

The Fund is an offshore fund for tax purposes within the scope of the (tax) laws of the United Kingdom on offshore funds, which entered into force on 1 December 2009 and expanded the previous tax laws that applied to investments in offshore funds.

Income earned by investors in the United Kingdom through the sale (e.g. transfer or redemption) of units in an offshore investment fund that are permitted as defined in the Offshore Funds Act is subject to capital gains tax (or corporate tax on chargeable gains) and not to income tax.

Income earned by investors in the United Kingdom through the sale (e.g. transfer or redemption) of units in an offshore investment fund that is not permitted as defined in the Offshore Funds Act may be subject to income tax (instead of capital gains tax).

After 1 December 2009 and only during a transitional period, offshore funds could apply to HM Revenue & Customs (United Kingdom tax authorities) for approval as offshore funds with the status "Distributing Fund" or "Reporting Fund".

The application for approval may be submitted for one or more Subfunds within an umbrella fund or for one or more specific unit classes of a Subfund. For purposes of taxation in the United Kingdom, an investment in a unit class with the status "Distributing Fund" or "Reporting Fund" is treated as an investment in an approved offshore fund.

After the transitional period, only investments in a Subfund or a unit class of a specific Subfund with the status of "Reporting Fund" are considered to be investments in a permitted offshore fund.

The members of the Board of Directors may at their discretion apply for the status of a permitted offshore fund for certain Subfunds or unit classes of the Subfund.

Wherever such an application is made, the members of the Board of Directors intend to manage the fund in such a way that an investment in specific unit classes is considered to be in a permitted offshore fund for all accounting periods and it is ensured to HM Revenue & Customs that the corresponding requirements are or will be fulfilled.

However, the members of the Board of Directors assume no guarantee that these requirements will actually be fulfilled or that HM Revenue & Customs confirm the fulfilment of these requirements.

The attention of persons with ordinary residence in the United Kingdom is drawn to the provisions of Book 13, Chapter 2 of the Income Tax Act 2007 ("Transfer of assets abroad"), which states that under certain circumstances they may be taxable in relation to non-distributed income and profits of the Subfund achieved with an investment in a Subfund or such gains and income that are not payable to such person in the United Kingdom.

In addition, the provisions of Section 13 of the Taxation of Chargeable Gains Act of 1992 must be observed that apply to the distribution of chargeable gains of companies not domiciled in the United Kingdom and which would be "close companies" if they were domiciled in the United Kingdom. These gains are distributed to investors who have their ordinary place of abode or residence in the UK. Profits distributed in this manner are taxable for all investors who hold a share of more than 10% of the distributed profit either individually or together with associated persons. The members of the Board of Directors intend to make every reasonable effort to ensure that the

	Subfund(s) would not be classified as a "close company" within the meaning of Section 13 of the Taxation of Chargeable Gains Act if they were domiciled in the UK. Moreover, when assessing the effects of Section 13 of the Taxation of Chargeable Gains Act of 1992, it is important to ensure that the regulations of the double taxation agreement between the United Kingdom and Luxembourg are taken into account.
<b>Daily price publication</b>	Prices are published in the most important international business media as well as on Reuters and at <a href="http://www.ubs.com">www.ubs.com</a> (⇒ Fund Gate).
<b>Procedures for the acquisition and redemption of units</b>	<p>Subscriptions and redemptions of Subfund units are accepted on the basis of the net asset value at the Administrative Agent, the Custodian Bank or the Management Company as well as any other sales agency. Units may also be subscribed through savings plans, payment plans or conversion plans, in accordance with the locally prevailing market standards. Further information on this subject can be requested from local sales agencies. Subscription or redemption applications registered with the Administrative Agent or the central settling agent of UBS Investment Bank in Switzerland – a unit of UBS AG – no later than 16.00 (Central European Time) on a business day (order date) will be processed on the following business day (valuation date) on the basis of the net asset value calculated for that day. For subscription or redemption applications registered with the Administrative Agent or the central settling agent of UBS Investment Bank in Switzerland – a unit of UBS AG – after 16.00 (Central European Time) on a business day, the order date is considered to be the following business day. To secure punctual forwarding to the Administrative Agent or the central settling agent of UBS Investment Bank in Switzerland, earlier cut-off times may apply for submission of applications placed with Distributors in Luxembourg or abroad. Information may be obtained from the Distributor concerned. This means that the net asset value for settlement purposes is not known when the order is placed (forward pricing). It will be calculated on the valuation date on the basis of the latest market prices (i.e. closing prices, or if they do not reflect a reasonable market value in the opinion of the Management Company, at the most recent prices available at the time of valuation). The same applies to the conversion of units of the Subfund into units of other Subfunds of UBS (Lux) Bond Fund performed on the basis of the net asset values of the Subfunds concerned.</p> <p>The local Paying Agent will undertake the corresponding transaction on behalf of the final investor or the nominee. Costs incurred for the services of the Paying Agent may be charged to the investor.</p> <p>Costs incurred by investors in connection with the purchase, sale and conversion of units of the Subfund:</p> <ul style="list-style-type: none"> <li>- Issuing commission: max. 6%</li> <li>- Redemption commission: max. 2%</li> <li>- Commission on conversion within the same umbrella: max. 3%</li> </ul>
