

# Simplified Prospectus of the Subfund UBS (Lux) Equity Fund – Small Caps USA

Investment fund under Luxembourg law ("fonds commun de placement")  
Established in accordance with Part I of the Law of 20 December 2002 on undertakings for collective investment

This simplified prospectus contains key information on UBS (Lux) Equity Fund – Small Caps USA (the "Subfund"), a Subfund of UBS (Lux) Equity Fund (the "Fund"), which offers the investor various Subfunds ("umbrella construction"). If you require further information before investing, please consult the full sales prospectus of UBS (Lux) Equity Fund. Here, you will also find information on the rights and obligations of investors. The full sales prospectus and the annual and semi-annual reports may be obtained at no charge from the Management Company, the Administrative Agent (please also see "Contacts") and all sales agencies. Detailed information on Fund investments can be found in the latest annual and semi-annual reports.

<b>Investment objective</b>	The Fund's investment objective is to achieve high growth with a reasonable level of income, while giving due consideration to capital security and the liquidity of the Fund's assets.
<b>Investment policy</b>	<p>The Subfund invests at least 70% of its assets in equities and other equity shares of smaller companies with a market capitalisation of less than USD 4 billion at the moment of investment and domiciled or chiefly active in the USA.</p> <p>The Subfund may invest up to 30% of its assets in bonds and other debt instruments and claims denominated in various currencies and issued by domestic or foreign borrowers, as well as in equities, other equity shares such as cooperative shares and participation certificates (equities and equity rights), short-term securities, dividend-right certificates and warrants which do not comply with the above restrictions regarding geographic region and economic sector or the requirements regarding market capitalisation.</p> <p>In line with the investment principles outlined in the full sales prospectus, the Subfund may buy or sell futures and options on financial instruments and conduct transactions involving options on securities other than for hedging purposes.</p> <p>The markets in options and futures are volatile; both the opportunity to achieve gains as well as the risk of suffering losses are higher than with investments in securities. These techniques and instruments will be employed only if they are compatible with the investment policies of the individual Subfunds and do not diminish their quality.</p> <p>The Subfund may accessorially hold liquid assets in all currencies in which investments are made.</p> <p><b>Use of techniques and instruments</b></p> <p>As part of efficient asset management and taking the particular market situation into account, the Subfund invests, in accordance with the provisions stipulated in the section of the full sales prospectus ("Special techniques and instruments that have securities and money market instruments as underlying assets"), in all legally permissible derivative instruments, in line with the guidelines set forth in this section. The permitted underlying instruments comprise in particular those listed in point 1.1. These techniques and instruments do not play a central role in achieving the investment policy's aims.</p> <p>The currency of account of the Subfund is the US dollar.</p>
<b>Risk profile</b>	Subfund investments may be subject to substantial fluctuations and no guarantee can be given that the value of a unit will not fall below its value at the time of

	<p>acquisition.</p> <p>Factors that can trigger such fluctuations or influence their scale include but are not limited to:</p> <ul style="list-style-type: none"> <li>• company-specific changes</li> <li>• changes in interest rates</li> <li>• changes in exchange rates</li> <li>• changes affecting economic factors such as employment, public expenditure and indebtedness, inflation</li> <li>• changes in the legal environment</li> <li>• changes in investor confidence in certain investment classes (e.g. equities), markets, countries, industries and sectors</li> <li>• changes in the prices of raw materials</li> </ul> <p>By diversifying investments, the Portfolio Manager seeks to partially reduce the negative impact of these risks on the value of the Subfund.</p> <p>The use of special techniques and instruments that have securities and money market instruments as underlying assets and optimise portfolio management may expose the investor to a greater degree of risk. Therefore, the use of derivatives by the Management Company is not always an effective means of attaining the Subfund's investment objective and can at times even have the opposite effect.</p> <p>It should be remembered that the net asset value of the Subfund can rise or fall. An investor may fail to recoup an investment, especially if units are sold shortly after they have been bought. Potential investors should carefully consider whether an investment in Fund units is suitable given their means and assets.</p> <p>Fund units can be subscribed to and redeemed daily and thus represent a liquid investment.</p>
<b>Portfolio turnover</b>	The portfolio turnover of the Subfund amounted to 153.08% as at 30/11/2009.
<b>Performance</b>	<p><b>Performance (Basis USD, nach Abzug von Gebühren)</b></p>  <p>The chart displays three data series from 2000 to 2010. The left Y-axis (Indexiert) ranges from 40 to 200. The right Y-axis (in %) ranges from -60 to +100. The X-axis shows years from 2000 to 2010. The solid blue line represents the indexed performance, which starts at 100 in 2000, peaks around 180 in 2007, and ends around 140 in 2010. The dashed line represents the Russell 2000 Growth (NR), which starts at 100 in 2000 and ends around 100 in 2010. The light blue bars represent the annual performance, showing significant volatility, with a major peak in 2007 and a sharp decline in 2008.</p> <p>Legend:</p> <ul style="list-style-type: none"> <li>— Indexierte Performance (linke Skala)</li> <li>- - - Russell 2000 Growth (NR)</li> <li>■ Jährliche Performance (rechte Skala)</li> </ul> <p>Data as at end of April 2010</p>
<b>Note</b>	<p>This graph shows past performance in USD. Past performance is no guarantee of future trends. The value of an investment can go up or down, and investors may fail to recoup the sums they have invested. Future performance depends on the development of the markets as well as the implementation of the investment policy by the Portfolio Manager. The described performance does not account for any fees or expenses incurred when subscribing to and redeeming units.</p>

## UBS (Lux) Equity Fund – Small Caps USA

July 2010

<b>Profile of the typical investor</b>	The Subfund is suitable for investors who wish to invest in an actively managed portfolio of shares in smaller US companies and are prepared to accept the market- and stock-specific risks inherent in shares.	
<b>Distribution policy</b>	Unit classes with “dist” as part of their name entitle the holder to an annual distribution. Unit classes with “acc” as part of their name do not entitle the holder to distributions. The income from these units is automatically reinvested.	
<b>Description of unit classes</b>	Not all the types of unit class described below have to be offered at all times. The table below lists the unit classes currently available. The Company may decide to set up and offer corresponding unit classes of these types at an appropriate time. In this case, the following description of unit classes and the tables below the sections "Expenses paid by the Subfund" and "Additional important information" will be adapted accordingly.	
	P	Units in classes with “P” in their name are available to all investors. Unit class “P” differs from unit classes “H” and “K-1” with regard to the level of the flat fee. Only bearer units are issued.
	N	Units in classes with “N” in their name (units with restrictions on the distribution partners or countries) are issued exclusively through Distributors domiciled in Spain, Italy, Portugal and Germany authorised by UBS AG, as well as, where appropriate, through Distributors in further distribution countries, provided this has been decided by the Board of Directors. Only bearer units are issued.
	H	Units in classes with “H” in their name are available to all investors. Unit class “H” differs from unit classes “P” and “K-1” with regard to the level of the flat fee. Only bearer units are issued.
	K-1	Units in classes with “K-1” in their name are available to all investors. Unit class “K-1” differs from unit classes “P” and “H” with regard to the level of the flat fee. Only bearer units are issued.
	K-2	Units in classes with “K-2” in their name are exclusively reserved for investors who have concluded a written asset management mandate or a written consulting mandate with UBS AG or one of its authorised counterparties, and who envisage a minimum investment of CHF 10,000,000 or a countervalue corresponding to this amount in the reference currency of the portfolio assigned to the asset management mandate or consulting mandate. Only registered units are issued.
	F	Units in classes with “F” in their name may be issued only to investors who have concluded a written asset management mandate with UBS AG or one of its selected banking subsidiaries. Upon termination of the mandate, investors lose the right to hold units in the Fund. UBS AG or its selected banking subsidiaries may return these units to the Fund at the prevailing net asset value and at no charge. Only registered units are issued.
	Q	Units in classes with “Q” in their name are reserved for professionals of the financial sector who make the following investments: (a) on their own behalf; (b) on behalf of their clients within a discretionary mandate; or (c) on behalf of an undertaking for collective investment in transferable securities (UCITS) managed by a professional of the financial sector, provided that (i) UBS AG has authorised, in writing, said professional to

I-86; I-82; I-78		Units in classes with "I-86", "I-82" and "I-78" in their name are exclusively reserved for institutional investors. Only bearer units are issued.
I-6.5		Units in classes with "I-6.5" in their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement on investing in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. A fee covering the costs for Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank) is charged directly to the Subfund. The costs for asset management and distribution are charged to investors under the aforementioned agreements. Only registered units are issued.
I-X		Units in classes with "I-X" in their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement on investing in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. The costs for asset management, Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank) and distribution are charged to investors under the aforementioned agreements. Only registered units are issued.
U-X		Units in classes with "U-X" in their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement on investing an amount defined in the prospectus in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. The costs for asset management, Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank) and distribution are charged to investors under the aforementioned agreements. This unit class is exclusively geared towards financial products (i.e. fund of funds or other pooled structures in accordance with different legislation). Only registered units are issued.

The aforementioned dual charging of commission and expenses may apply only to administrative expenses in the case of investments in such UCI and UCITS, and may not amount to more than 0.25% p.a. of the average net asset value of the Subfund concerned. If the Subfund invests in funds which fully or partially refund the commission fees charged to their assets by means of payment, such payments will be added in full to the assets of the Subfund.</p> <p>The Subfund shall invest a maximum of 10% of its net assets in existing UCI and UCITS.</p>
<p><b>Taxation</b></p>	<p>The Fund is subject to Luxembourg legislation. In accordance with current legislation in the Grand Duchy of Luxembourg, the Fund is not subject to any Luxembourg withholding, income, capital-gains or wealth taxes. From the total net assets of each Subfund, however, a tax of 0.05% p.a. ("<i>taxe d'abonnement</i>") payable to the Grand Duchy of Luxembourg is due at the end of every quarter (reduced <i>taxe d'abonnement</i> amounting to 0.01% p.a. for certain unit classes). Further details can be found under "An overview of the unit classes". This tax is calculated on the total net assets of each Subfund at the end of every quarter.</p> <p>Unitholders should be aware that the Luxembourg Law of 21 June 2005 has</p>

# Simplified Prospectus of the Subfund

## UBS (Lux) Equity Fund – Small Caps USA

July 2010

transposed into Luxembourg law Council Directive 2003/48/EC of 3 June 2003 on the taxation of interest. Since 1 July 2005, this Law has provided for the imposition of a withholding tax on cross-border interest payments to individuals domiciled in the EU or for an automatic information exchange. This applies, inter alia, to distributions and dividends payable by investment funds which invest more than 15%, and earnings from the assignment or repayment of units in investment funds which invest more than 40% (from 1 January 2011: 25%) in debt instruments and claims as defined by the EU taxation of interest. Where necessary, the sales agency or Distributor may, upon subscription, ask investors to give their tax identification number provided by the state in which they are domiciled for tax purposes.

The taxable values shown are based on the most recently available data at the time they were calculated.

Provided the Subfund in question is not subject to EU taxation of interest or the unitholders are not affected thereby, unitholders are not required, under current tax law, to pay any income, gift, inheritance or other tax in Luxembourg unless they are domiciled in Luxembourg, have a residence in Luxembourg or maintain a permanent establishment there, or were previously domiciled in Luxembourg and hold more than 10% of the units in the Fund.

On 13 November 2008, the European Commission accepted a proposal for the amendment of the Savings Directive. If the amendment proposal is implemented, among other things, (i) the scope of the EU Savings Directive would be expanded to include payments distributed by certain intermediary structures (regardless of whether their registered office is in an EU Member State or not) and whose final beneficiary is a private person resident in the EU and (ii) the definition of interest that falls within the scope of the EU Savings Directive would be further established. As at the date the prospectus was being drawn up, it is not known whether and if or when the proposed amendment will enter into force.

The aforementioned represents a summary of the fiscal effects and makes no claim to be exhaustive. It is the responsibility of purchasers of units to seek information on the laws and regulations governing the purchase, possession and sale of units in connection with their place of residence and their nationality.

### **Investors in the United Kingdom**

The Fund is an offshore fund for tax purposes within the scope of the (tax-) laws of the United Kingdom on offshore funds, which entered into force on 1 December 2009 and expanded the previous tax laws that applied to investments in offshore funds.

Income earned by investors in the United Kingdom through the sale (e.g. transfer or redemption) of units in an offshore investment fund that are permitted as defined in the Offshore Funds Act is subject to capital gains tax (or corporate tax on chargeable gains) and not to income tax.

Income earned by investors in the United Kingdom through the sale (e.g. transfer or redemption) of units in an offshore investment fund that is not permitted as defined in the Offshore Funds Act may be subject to income tax (instead of capital gains tax).

Since 1 December 2009 only during a transitional period, offshore funds may apply to HM Revenue & Customs (United Kingdom tax authorities) for approval as offshore funds with the status "Distributing Fund" or "Reporting Fund".

The application for approval may be submitted for one or more Subfunds within an umbrella fund or for one or more specific unit classes of a Subfund.

## UBS (Lux) Equity Fund – Small Caps USA

July 2010

	<p>For purposes of taxation in the United Kingdom, an investment in a unit class with the status "Distributing Fund" or "Reporting Fund" is treated as an investment in an approved offshore fund.</p> <p>After the transitional period, only investments in a Subfund or a unit class of a specific Subfund with the status of "Reporting Fund" are considered to be investments in a permitted offshore fund.</p> <p>The members of the Board of Directors may at their discretion apply for the status of a permitted offshore fund for certain Subfunds or unit classes.</p> <p>Wherever such an application is made, the members of the Board of Directors intend to manage the fund in such a way that an investment in specific unit classes is considered to be in a permitted offshore fund for all accounting periods and it is ensured to HM Revenue &amp; Customs that the corresponding requirements are or will be fulfilled. However, the members of the Board of Directors assume no guarantee that these requirements will actually be fulfilled or that HM Revenue &amp; Customs confirm the fulfilment of these requirements.</p> <p>The attention of persons with ordinary residence in the United Kingdom is drawn to the provisions of Book 13, Chapter 2 of the Income Tax Act 2007 ("Transfer of assets abroad"), which states that under certain circumstances they may be taxable in relation to non-distributed income and profits of the Subfund achieved with an investment in a Subfund or such gains and income that are not payable to such person in the United Kingdom.</p> <p>In addition, the provisions of Section 13 of the Taxation of Chargeable Gains Act of 1992 must be observed that apply to the distribution of chargeable gains of companies not domiciled in the United Kingdom and which would be "close companies" if they were domiciled in the United Kingdom. These gains are distributed to investors who have their ordinary place of abode or residence in the UK. Profits distributed in this manner are taxable for all investors who hold a share of more than 10% of the distributed profit either individually or together with associated persons. The members of the Board of Directors intend to make every reasonable effort to ensure that the Subfund(s) would not be classified as a "close company" within the meaning of Section 13 of the Taxation of Chargeable Gains Act if they were domiciled in the UK. Moreover, when assessing the effects of Section 13 of the Taxation of Chargeable Gains Act of 1992, it is important to ensure that the regulations of the double taxation agreement between the United Kingdom and Luxembourg are taken into account.</p>
<b>Daily price publication</b>	Prices are published in the most important international business media as well as on Reuters and at <a href="http://www.ubs.com">www.ubs.com</a> (⇒ Fund Gate).
<b>Procedures for the acquisition and redemption of units</b>	<p>Subfund units are issued and redeemed on every business day. In this context, "business day" refers to normal bank business days in Luxembourg (i.e. each day on which the banks are open during normal business hours) except individual, non-statutory rest days and days on which stock exchanges in the main countries in which the Subfund invests are closed, or on which 50% or more Subfund investments cannot be adequately valued. "Non-statutory rest days" are days on which individual banks and financial institutions are closed. No issues or redemptions will be effected on days on which the Management Company has decided not to calculate net asset values, as described in the section of the full sales prospectus entitled <b>"Suspension of the net asset value calculation and of the issue, redemption and conversion of units"</b>. In addition, the Management Company is empowered to reject subscription applications at its discretion.</p> <p>Subscription and redemption applications registered with the Administrative</p>
