PineBridge Japan Small Cap Equity Fund (the "Sub-fund")

Unit Class A3 (ISIN: IE0030417830), a sub-fund of PineBridge Global Funds

Management Company: PineBridge Investments Ireland Limited ("PBIL")

Objectives and Investment Policy

The Sub-Fund is an actively managed fund.

The Sub-Fund aims to grow the value of your investment over the long term by investing the majority of its assets in shares and related instruments of companies which are incorporated in Japan or companies whose assets, products or operations are located in Japan and which are considered small. At least 50% of the Sub-Fund's assets will be invested in companies with a market value of less than JPY 400 billion (or of equivalent value in another currency) – this percentage limitation applies at the time of purchase.

Distribution Policy

This Unit Class seeks to pay out stable distributions consisting of income, gains and, potentially, capital. Distributions from capital

may amount to a re-payment out of your original investment. Over time this could lead to the reduction or complete exhaustion of your holdings in the Unit Class. You may elect to receive payments of or reinvest distributions from your units.

Subscription and Redemption

The Unit Class of the Sub-Fund may be redeemed on demand on any dealing day. A dealing day is any day on which banks in Ireland and also in Japan are open for business.

The price you pay or receive depends on the net asset value per unit on the dealing day when the unit is bought or sold.

Risk and Reward Profile

This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Sub-Fund. The risk and reward category shown is not guaranteed to remain unchanged and may shift over time. The lowest category does not mean investment is 'risk free'. This indicator is not a measure of the risk that you may lose the amount you have invested.

Why is this Sub-Fund in this Category?

The Sub-Fund is in category 6 because variations in the price of its units are typically high. The Sub-Fund invests in assets that carry higher risk and offer potentially higher rewards than other categories of assets.

Are there any other particular Risks?

Equity risk: The value of shares and securities related to shares may fall due to issuer related issues, financial market dynamics and world events including economic and political changes.

Small and/or Mid Capitalised Companies risk: Investing in shares of small or mid capitalised companies can involve more risk due to lower trading volumes and less available information about the company.
