SRI Euro Premium High Yield
A compartment of Generali Investments SICAV
Class BX - Accumulation (LU0169274064)
This SICAV is managed by Generali Investments Luxembourg S.A.

Objectives and Investment Policy

The objective of the Fund is to achieve capital growth and outperform its Benchmark by investing mainly in high-yield debt securities and debt related securities denominated in Euro - seeking to capture a significant portion of the upside in this investment universe, through a responsible investment process, - The Fund promotes ESG characteristics pursuant to Article 8 of the SFDR and benefits from the SRI label in France.

The Fund shall invest at least 51% of its net assets (and can be fully invested) in Euro denominated debt and debt-related securities of any kind, such as bonds, debentures, notes and convertibles, having Sub-Investment Grade Credit Rating. The Investment Manager may temporarily increase the credit quality of the portfolio to counteract an increase in market volatility when it believes such conditions require defensive actions. The Fund may also invest up to 30% of its net assets in bank deposits, Money Market Instruments, as well as in high-yield debt and debt-related securities denominated in non-Euro currencies. A maximum of 10% of the net assets of the Sub-fund may be invested in convertible bonds (excluding investment in contingent convertible bonds ("CoCos")). Additionally, investment in CoCos is allowed up to 20% of the Sub-fund's net assets. The Sub-fund may hold equities following the conversion of convertible bonds and/or Cocos up to 10% of its net assets. The Sub-fund may also - in the event of a default of a company under a debt instrument the Sub-fund holds against such company and when such company is being restructured - acquire equity securities in such company in consideration for the discharge of part or all of the debt due by such company to the Sub-fund, up to 10% of its net assets. The Sub-fund may be invested directly in equities and other participation rights up to 10% of its net assets. The maximum total holding in equities and other participation rights of the Sub-fund, directly or indirectly, as described in this paragraph, is up to 30% of its net assets. The Fund may also invest into "Rule 144A" and/or Regulation S securities, which in accordance with US Law are not registered with the US Securities and Exchange Commission (SEC). The Fund shall not invest in Securitised debt.

The Sub-fund can invest in/hold securities having a rating CCC from S&P or any equivalent grade of other credit rating agencies up to 10% of its net assets. The Sub-fund may also hold distressed/defaulted securities (being securities having a rating CCC+ or below from S&P or any equivalent grade of other credit rating agencies) as a result of the potential downgrading of the issuers.

The Fund may use standardized credit default swaps and the total obligation may not exceed 100% of the Fund's net assets.

This financial product promotes environmental or social characteristics but does not have as its objective sustainable investment. The Investment

Manager actively manages the Sub-fund and selects, from the ICE BofA BB-B Euro High Yield Total Return (the "Initial Investment Universe"), securities which present positive ESG criteria relative to its Initial Investment Universe provided that the issuers follow good corporate governance practices. Furthermore, the Investment Manager aims to select issuers that demonstrate a better result, on average, on at least two of the following factors: carbon intensity, women in workforce, independent board directors, labour rights and severe controversies compared to the Initial Investment Universe. Under normal market conditions, a minimum of 90% of the Sub-fund's net assets will be invested in securities, following a Responsible investment process, to achieve alignment with E/S characteristics promoted by the Sub-fund. There may be potential inconsistencies and lack of availability of ESG data, especially when issued by external data providers (more details on the methodological limits in the Supplement of the Fund).

The Fund is actively managed in reference to its Benchmark, which is used by the Investment Manager to define the Fund's initial investment universe, by seeking to outperform it. The Investment Manager will however have full discretion in choosing (i) which constituents of the ICE BofA BB-B Euro High Yield Total Return the Fund will be invested in, based on the abovementioned ESG criteria with which the Benchmark is not aligned, and (ii) the weightings of the selected issuers within the Fund's portfolio, based on the above financial and extrafinancial considerations. There are no restrictions on the extent to which the Fund performance may deviate from the ones of the Benchmark. The Investment Manager can also invest in instruments that are not constituents of the Benchmark.

The Fund may use financial instruments and derivatives for hedging purposes, for efficient portfolio management purposes and for investment purposes. The use of derivative financial instruments is limited to techniques that do not alter the ESG selection policy significantly or over the long term. For each derivative use when feasible, the underlying asset will systematically have an ESG score that will be taken into account in the aggregate portfolio ESG score. The Fund may also use TRS (and other FDI with the same characteristics) and securities lending techniques for the achievement of its investment objective.

The Fund is open-ended. You may redeem shares of the Fund on any Luxembourg business day.

The Share Class makes no dividend payment. Earned income is retained and reinvested.

The Benchmark of the Fund is the ICE BofA BB-B Euro High Yield Total Return. The Benchmark of the Fund is not aligned with the environmental and social characteristics promoted by the by the product which are implemented via the Responsible investment process.

Risk and Reward profile

This indicator represents the annual historical volatility of the Fund over a 5-year period. Its aim is to help investors understand the uncertainties attached to gains and losses that may have an impact on their investment. The Fund's diversified exposure to interest rate and foreign currency risks explains its classification in this category.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile. The risk category associated with the Fund is not guaranteed and may change over time. The lowest risk category does not mean "risk free". Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

- Credit Risk:** The Fund invests a substantial portion of its assets in bonds. The issuers may become insolvent, whereby the bonds may lose a major part of their value or their value entirely.
- Specific Securities-Related Risk:** The fund may invest in securities rated below investment grade, which present greater risk of loss to principal and interest than higher-quality securities, and securities issued pursuant to Rule 144A and/or Regulation S.
- Liquidity Risk:** Risk related to a limited market activity that could not allow the Fund to sell or buy underlying investments in suitable conditions.
- Counterparty Risk:** The Fund primarily concludes derivatives trades with various contracting parties. There is a risk that counterparties may no longer be able to honour their payment or settlement obligations.

Operational Risk and Depositary Risk: The Fund may fall victim to fraud or other criminal acts. It may also incur losses due to misunderstandings or errors by employees of the management company, the depositary or external third parties. Finally, its' management or the custody of its' assets can be adversely affected by external events such as fires, natural disasters etc.

Sustainable Finance: Currently, there is not universally accepted framework or list of factors to consider to ensure that investments are sustainable. Legal and regulatory framework governing **Sustainable**
