## HIGHLIGHT PORTFOLIO

Microcred China (MCC), registered in Hong Kong, has been providing microfinance services through two affiliates in the Sichuan province, MC Nanchong and MC Sichuan, since 2007. The two affiliates opened 43 branches reaching a total of almost 25,000 borrowers, of which 54% live in rural areas. MC China is seen as establishing best practices in this nascent microfinance market, where financial exclusion remains a significant issue, particularly in rural impoverished areas in mid/west China. It was the first MCC in China to receive in 2014 the Client Protection Certification awarded by the Smart Campaign, recognizing the implementation of the 7 client protection principles.
