Within each Fund, Classes of Shares may be issued as more fully described in the Prospectus. These different Classes of Shares differ principally in terms of their sales charges, fees, rates of expenses, distribution policy, and currency denomination. Investors are thus able to choose a Share Class that best suits their investment needs, considering the amount of investment and anticipated holding period. Each Share Class is designated as a Distributing Share Class or an Accumulating Share Class. Accumulating Share Classes do not distribute net income, net realised capital gains or net unrealised capital gains whereas Distributing Share Classes will distribute net investment income, and with respect to certain Funds may also distribute all or some portion of realised and unrealised capital gains net of realised and unrealised capital losses, as explained under the “Distributions” section of the Prospectus. Each Distributing Share Class has a letter in parentheses in its name, indicating the frequency of dividend declaration, as explained under the “Distributions” section of the Prospectus. In addition, the Company has Subscriber Shares outstanding. The Subscriber Shares do not entitle the holders to participate in the assets of any Fund. Each Fund may offer Share Classes designated in currencies other than the Base Currency of the Fund. For each such Share Class, unless indicated by “(Hedged)” in the name of the Share Class, the Investment Manager or Sub-Investment Manager will not employ any techniques to hedge the Share Class’s exposure to changes in exchange rates between the Base Currency of the Fund and the currency of the Share Class.

Each of the Funds offers LM Share Classes, and certain of the Funds offer Grandfathered Share Classes. LM Share Classes are available only at the discretion of the relevant Distributor. The Grandfathered Share Classes are available only to unitholders of the Affiliated Funds.

**More information concerning the different Share Classes of the Funds is set out in the full Prospectus of the Company dated 13 October 2010 and as may be further amended from time to time (the “Prospectus”). Potential investors are advised to read the**

**Prospectus before making an investment decision. The rights and duties of the investor as well as the legal relationship with the Company are laid down in the Prospectus.**

**Capitalised terms shall have the same meaning as in the Prospectus.**

Distributions that are paid will be in the currency in which the Shareholder subscribed for Shares, unless the Shareholder requests otherwise. Payments will be made by wire transfer to a Shareholder’s account.</p> <p>With respect to Accumulating Share Classes, it is intended that, in the normal course of business, distributions will not be declared and that any net investment income attributable to each Accumulating Share Class will be accumulated daily in the respective Net Asset Value per Share of each respective Share Class.</p>
<p><b>Fees and Expenses:</b></p>	<p><b><u>A. Annual Fund Operating Expenses (expenses that are deducted from Fund assets)</u></b></p> <p>The tables below in Appendix A describe the maximum fees and expenses you may incur indirectly as an investor in a Fund. In addition, each Fund pays operating and other expenses, as described in the Prospectus, directly out of its assets thereby lowering that Fund’s share price and dividends. Out-of pocket expenses of Directors and/or the Investment Manager may also be paid by the Funds.</p>
	<p><b><u>B. Shareholders’ Fees (fees paid directly from your investment)</u></b></p> <p>The table set forth in Appendix B sets out the fees paid directly by a shareholder on the purchase, redemption or switching of shares of the Funds.</p>
