Simplified prospectus of the Sub-Fund **DIGITAL FUNDS Stars Europe Ex-UK**

This simplified prospectus contains key information about the "DIGITAL FUNDS Stars Europe Ex-UK" (the "Sub-Fund"), a sub-fund of the DIGITAL FUNDS (the "Fund"). Should you need any further information before you invest, please consult the full prospectus of the Fund or its web-site www.chahinecapital.com. Within this full prospectus, the rights and duties of the investors are fully described. The full prospectus as well as the yearly and half-yearly financial reports may be obtained free of charge at the registered office of the Fund, of the Central Administration (see also "Local Agents"). For details about the Sub-Fund's holdings, please see the Fund's most recent audited annual report or un-audited semi-annual report.

Investment policy The Sub-Fund will invest at least 273 of its assets in equities of companies which are domiciled or carry out predominantly their economic activity in the EU country members, Norway and Switzerland but excluding the United Kingdom. The universe consists currently of approximately 3.000 equities covered by the research of at least one broker. For safety reasons, the Sub-Fund will currently be interested only in approximately 1.200 equities followed by at least 3 Drokers and whose capitalization exceed EUR 100 M. The Sub Fund may invest up to 173 of its assets in bonds (straight bonds), convertible bonds and bonds with options and money market appens. It should be noted that the Sub-Fund will be invested across all markets capitalization spectrum including Large Cap equities. But because of the investment techniques, such Large Cap members of the Euro Stox 50 will not exceed 50% of the net assets in equities part of the universe defined above. However, a maximum of 10% of the net assets in equilies part of the universe defined above. in market prices, adverse issuer or market information and the subordinate status of equity in relation to debt paper issued by the same company. The Sub-Fund is also vulnerable to liquidity issues associated with small cap equities. Potential investors should also consider the risks attached to fluctuations in ex- change rates, possible imposition of exchange controls and other restrictions. Due to possible use of tech- niques and instruments relating to transferable securities for efficient portfolio management, investors might be exposed to greater risks and there can be no assurance that the objective sought to be obtained from such use will be achieved. It should be remembered that the net asset value of the Sub-Fund can go down as well as up. An investor may not get back the amount he has invested, in particular if shares are redeemed soon after they have been issued. Prospective investors should carefully consider whether an investment in shares is suitable for them in the light of their own circumstances and financial resources. The Sub Fund may invest up to 1/3 of its assets in bonds (straight bonds), convertible bonds and bonds with options and money market papers. It should be noted that the Sub-Fund will be invested across all markets capitalization spectrum including Large Cap equities. But because of the investment techniques, such Large Cap members of the Euro Stoxx 50 will not exceed 50% of the net assets depending on the market conditions. The Sub-Fund is eligible to the regulations governing the French PEA. This strategy has the benefit of keeping constantly in the Sub-Fund very liquid assets in case of any major crisis. The Sub-Fund will constantly invest at least 80% of its net assets in equities part of the universe defined above. However, a maximum of 10% of the net assets of the Sub-Fund can be invested in equities whose capitalization is below EUR 100 M. The Sub-Fund may also invest up to 10% of its net assets in transferable debt securities rated at least A by Standard and Poor's or similar by other rating agencies at the time of their purchase. The Sub-Fund is authorized, for the purpose of efficient portfolio management, to use techniques and instruments relating to transferable securities, techniques and instruments intended to provide protection against exchange risks in the context of the management of its assets and liabilities and to enter into synthetic equity swaps with a first financial institution which specialize in this kind of transaction to seek exposure to transferable securities. 	(*) This TER includes also costs in connection with registration abroad, the "taxe d'abonnement", external audit as well as costs for extraordinary measures carried out in the interests of the shareholders but does not include customary brokerage fees and commissions charged by brokers or banks for securities trans- actions.		
Taxation	With the exception of the "taxe d'abonnement" equal to 0.05% p.a. and payable quarterly in arrears, the Fund is neither liable to any Luxembourg tax on capital gains or income nor on any dividends paid by the Fund liable to any withholding tax in Luxembourg. Shareholders are not subject to any Luxembourg withholding tax or tax on capital gains, income, gift or any other tax in Luxembourg (except for shareholders domiciled, resident or having a permanent establishment in Luxembourg and except for certain former residents of Luxembourg if owning more than 10% of the shares). The tax consequences will vary for each investor in accordance with the laws, regulations and practices currently in force in an investor's country of citizenship, residence or temporary domicile, and in accordance with his or her personal circumstances. Investors should therefore ensure they are fully informed in this respect and should, if necessary, consult their financial advisor. On 3 June 2003 the EU Council of Economic and Finance Ministers adopted a new directive regarding the taxation of savings income which came into force on 1 July 2005. Under the directive each Member State or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, Austria, Belgium and Luxembourg may instead apply a withholding system for a transitional period is to commence on the date from which the directive is to be applied by Member State at the exchange of information relating to such payments.		
Net asset value publication	The net asset value per share is made public on each valuation day at the SICAV's registered office and at the institutions responsible for the SICAV's financial service. The net asset value is also available on the website: www.chahinecapital.com		
How to purchase/ repur- chase/ convert shares	Subscription as well as redemption and conversion requests for the shares of the Sub-Fund will be dealt on the basis of the net asset value per share and will have to be sent to the Fund, the Central Administra- tion, the Custodian Bank or any appointed distributors. Cut-off time for subscription and redemption orders : orders must be received at the latest by 3:00 pm Luxembourg time (the "cut-off-time") on the business day in Luxembourg preceding a Valuation Day (defined as any business day for the Central Administration) and shall be settled at the issue price calcu- lated on that Valuation Day. In this context, "business day" refers to the normal bank business day (i.e. each day on which banks are open during normal hours) in Luxembourg, with the exception of individual, non-statutory rest days as well as days on which exchanges in the main countries in which the Sub-fund invests are closed or 50% or more Sub-fund investments cannot be adequately valued. Non-statutory rest days are days on which individual banks and financial institutions are closed. Payment relating to subscription and redemption orders will be made at the latest two business days after the relevant Valuation Day.
